

Chicago, Ill., December, 1910

Directory of the First Baptist Church of Chicago, January 1, 1911

We have added to the residence address the telephone number, whenever this was known. When two telephone numbers are given in the case of one family, the business or downtown telephone number follows the name and address of the husband, while the residence telephone follows the name and address of the wife.

The date of uniting with the church is shown at the right of the page. "B" indicates Baptism; "L," Letter; "E." Experience; "R," Restoration.
